

John F. Kennedy Middle School
1075 Northeast 167th Street
North Miami Beach, FL 33162

Dear Parent,

October 2020

High School Course and Credit
Memorandum of Understanding (MOU)
John F. Kennedy Middle School

At this time, your child is currently enrolled in a high school course/credit at John F. Kennedy Middle School. We appreciate the opportunity to bring advanced academic coursework and high school credit(s) to your child. High school credit courses further enrich academically advanced students and provide an opportunity to accelerate a child's later transition from high school into college or internship programs. John F. Kennedy Middle School provides advanced and/or gifted high school courses in mathematics (Honors Algebra I and Honors Geometry), and science (Honors Physical Science and Honors Biology 1) and Foreign Language. Our school requires all parents receive this Memorandum of Understanding (MOU) Statement in writing, summarizing state laws regarding the earning of high school credit by students enrolled in middle school.

*“As the parent or legal guardian of the child indicated on this MOU, I understand that the courses outlined above are offered for high school credit. I also understand that all final grades are automatically and permanently entered on my child's Miami Dade County Public School transcript and are calculated in cumulative grade point average. Grades/credits cannot be removed from transcripts at a future date. **Further, students can not be recoded into non-high school credit courses (commonly referred to as schedule changes) after.**”*

Having both read and understood this High School Course Credit MOU, my signature below acknowledges that I wish for my child to continue in course(s) offering high school credit(s) at John F. Kennedy Middle School.”

Parent's Name: _____
Child's Name: _____
Father/Guardian's Signature: _____
Mother/Guardian's Signature: _____
Date: _____

All parents have a five (working) day grace period to return this Memorandum of Understanding to John F. Kennedy Middle School, via email at kperard@dadeschools.net, fax (305) 949-9046, in person, or U.S. Mail postmarked to the address listed above.
